

GEOGRAPHY

How is the UK different geographically to South America?

Children will be expanding their atlas skills by being able to locate places relevant to South America on a map.

The children will understand the differences in climate in South America in comparison to Britain.

They will also learn about the trade and industry in South America with the many products which are traded across the world.

HISTORY

How does the Mayan civilisation contrast to British history?

Children will explore who the Mayans were, where they came from and how their society was run. The children will gain an under-

SPRING TERM YEAR 4 CURRICULUM MAP

ART

This term's focus is on pencil art work.

Widely use line and tone to draw shape, pattern and texture.

SCIENCE

How can we use classification keys to identify living things?

Children will be learning about living things and their habitats. They will be able to recognise the different groups of living things, such as vertebrates and invertebrates, and examples of these.

The children will be able to use classification keys to be able to group a variety of living things.

They will also be able to understand that the environment changes and how these changes affect living things and their habitats.

English

In English, the children will be focusing on a range of non-fiction and fictional writing.

We will be looking at advertisements, leaflets and letters when writing about South America.

Maths

In Maths, the children will be working on their Multiplication and Division skills.

We will be looking at what area is and different ways to work it out.
